Company overview

**Company Name:** JAPAN CHEMICAL INDUSTRIES CO., LTD.

**Address:** 813 Kikawa, Shinjuku-ku, Shinjuku-ku, Tokyo 162-8554, Japan

**Phone:** 03-5365-3471 / Fax: 03-5374-4865

**Website:** [http://www.jci.co.jp/](http://www.jci.co.jp/)

**Date of Founding:** June 1, 1949

**Capital:** 100 million yen

**Number of Consolidated Employees:** 90 (as of March 31, 2019)

**President:** Takanori Terunaga

**Headquarters:** 3-5-1, Shinjuku-ku, Tokyo 160-8554

**Business Fields:**

- **Development, Manufacturing, and Sales of Chemical Product for Automobiles**
- **Development, Manufacturing, and Sales of Chemical Product for Building maintenance**
- **Development, Manufacturing, and Sales of Chemical Product for building maintenance**

**Main Client**

- **Automobile Manufacturers:**
  - 1999: Company merged with another company.

- **Chemical Manufacturing Companies:**
  - 2001: Company merged with another company.
  - 2002: Company merged with another company.

- **Plastics Companies:**
  - 2003: Company merged with another company.

- **Other Industries:**
  - 2014: Company merged with another company.

**History of JCI**

- 1994: Company merged with another company.
- 1995: Company merged with another company.
- 1996: Company merged with another company.

**JAPAN CHEMICAL INDUSTRIES**

813 Kikawa, Shinjuku-ku, Shinjuku-ku, Tokyo 162-8554, Japan
(TEL) +81-3-3454-3471 (FAX) +81-3-3457-4865

**Awards and Certifications:**

- Certified ISO: 2001
- Certified ISO: 9001
- Certified ISO: 14001
- Certified ISO: 45001
- Certified ISO: 13478

**Company Overview:**

- **Development, Manufacturing, and Sales of Chemical Product for Automobiles**
- **Development, Manufacturing, and Sales of Chemical Product for Building maintenance**
- **Development, Manufacturing, and Sales of Chemical Product for building maintenance**
Think the Future.

Products

- WWF (Windshield Washer Fluid)
- LLG (Long Life Coolant)
- Plastic Care Agent
- Air Refresher/Antibacterial Agent
- Engine Oil Additive
- Chemicals for Car Washing Machines

For Factories

We have been supplying a variety of chemical products to be filled in factories, such as LGC WWF, and antifreeze oil oil to our customers. With our products, we have been able to provide fast delivery service to the factories and have received positive feedback in terms of customer satisfaction.

Global Network

Be Cheerful and Healthy and Value the Spirit of Collaboration among All Corporate Members

For Factory

- Fuel Additives

We recommend the use of fuel additives for higher performance and a long life for engines. The high efficiency and stability of the additive mean that it can be used in both diesel and gasoline engines. It is a product that can increase the efficiency of engines and improve engine performance.

HARMONY

- Cleaner

We offer a wide range of products for cleaning agents to keep the engine running smoothly. We provide a variety of products such as engine degreasing agents, oil filters, and cleaning agents. We also provide engine degreasing agents that can effectively solve engine problems and are designed to improve the performance of engines.

Corporate Motto

Pursue True Harmony through Thorough Discussions

Basic Philosophy

1. CHANGE
To establish an original business culture that pursues innovation, a corporate body to enable receptive response to changes in circumstances, and to achieve steady growth

2. CREATION
To strive for creative research and development and for enhancement of technology to offer attractive products in answer to customer requirements

3. CONTRIBUTION
To contribute to creating a comfortable, affluent society through the mission of offering human/nature-friendly goods and services
